Billion Turnover
Annually

Founded by Shri O.P Jindal in 1970, Jindal Stainless is one of the largest stainless steel conglomerates in India and ranks amongst the top 10 stainless steel conglomerates in the world.

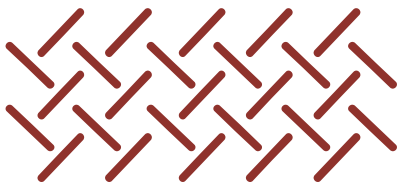

Jindal Stainless Group has an annual crude steel capacity of 1.9 MTPA and the group has an annual turnover of USD 4.20 billion (as of March'22). The group has a state-of-the-art stainless steel plant in Odisha and is a market leader in galvanized steel and saw pipes.

ABOUT JINDAL LIFESTYLE

Jindal Lifestyle is India's one of the largest integrated stainless steel solution provider proffering a range of products and services through its diverse verticals ranging from products for industrial usage to kitchenware and tableware.

Jindal Lifestyle is an absolute subsidiary of Jindal Stainless Ltd, founded 19 years ago, dedicated towards finished products of stainless steel. We are committed to creating an 'aspirational stainless culture' in India in both B2C and B2B domains. It strives to bring richer life experiences by infusing modern functionalities and designs into stainless steel. With our state-of-the-art massive manufacturing capabilities in Chennai, Rohad and Pathredi, we deliver scale, quality and finish of global repute.

WIDE BUSINESS SPECTRUM

JINDAL™
arc

INFRA • PLUMBING

INFRA

We are committed to crafting innovative designs and redefining functionality for commercial, residential, and public sector projects. With a wide variety of stainless steel solutions, Jindal Arc Infra provides infrastructural products that cater to the specific needs of every project.

PLUMBING

An integrated stainless steel plumbing solution provider with comprehensive pipes and fittings solutions in grade EN 316L and JIS 304 & 316L guaranteeing quality products with easy installation.

JINDAL 
VALUE ENGINEERING

Assisting various companies in procuring stainless steel products and components across industries. It extends exhaustive capabilities and aggressive support in product development and delivery.

arttdinox
HOMEWARE • HOMESPACES

HOMWARE

India's first segment proffering a broad homeware range for its patrons, comprising Tableware, Home Decor, Serveware, Dinnerware, Cutlery, Boxes & Jars, and Barware.

HOMESPACES

We are committed to creating a 'healthy stainless steel culture' for Indian homes by offering a range of kitchen solutions including Arttdinox, Arc Kitchens, and commercial kitchens that combines modern sensibilities with durability.

PLANTS: OUR CUTTING EDGE FACILITIES

Our manufacturing is backed by three robust plants that are in Pathredi, Rohad and Chennai. These state-of-the-art manufacturing plants are well equipped with cutting-edge manufacturing and fabrication technology of global repute.

Our all three plants are well geared with the new age technology of automated machines installed for optimum utilisation of resources with cost-effective methodology.

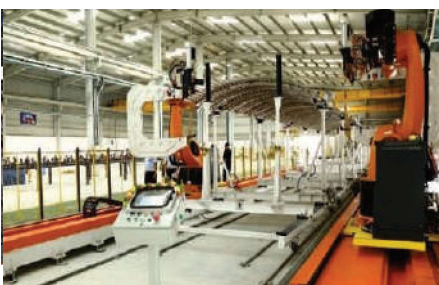

PATHREDI PLANT

The Pathredi facility is spread over a covered area of massive 30,351 sq. m. with a fabrication capacity of 5000 MT per annum and caters to Mobility, Infrastructure, Value Engineering, Sanitation, and Kitchen verticals.

ROHAD PLANT

The Rohad plant is spread across 20,234 sq. m. and offers a wide range of in-house production and finishing capabilities for best-in-class quality products. The plant caters to Value Engineering and Arttd'inox.

CHENNAI PLANT

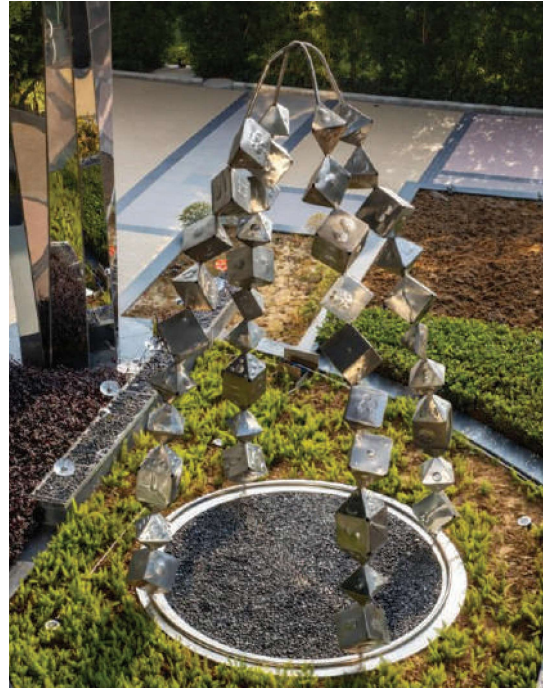

The Chennai plant is semi-automated and is spread across 8,093 sq. m. with a fabrication capacity of 3000 MT per annum. The plant is dedicated to Mobility and specializes in products for Railways and Metros.

JINDAL ARC INFRA - SHAPING A STAINLESS STEEL WORLD

With decades of experience and cross-market expertise, an exacting focus on customer needs and a strong global presence. Jindal Arc stands for enterprise, excellence and success. **Our company specialises in the end-to-end design, fabrication and installation of high-quality stainless steel for the Architecture, Building and Construction sector.**

We have contributed to the transformation of India's urban Infrastructure landscape. Our experienced and driven design team, competent architects, product designers and engineers, approaches every project with passion and creativity. The results are always unique and complete.

Giving Shape To India's Urban Infrastructure

WE DELIVER SCALE, QUALITY & FINISH OF GLOBAL STANDARD

1

An eminent part of the massive Jindal Group, the largest producer of stainless steel

2

Infuse modern sensibilities and design into stainless steel thereby contributing to richer life experiences

3

Committed towards creating an 'aspirational stainless steel culture' in India operating in B2B, B2G & B2C domain

4

Zero compromise on product quality, level of innovation and technological advancement

5

Effective business partner relationships with long term vision and perspectives

6

With the state-of-the-art massive and self-reliant manufacturing capabilities, we deliver scale, quality and finish of global repute on one hand and secure

Design. Build. Install.

CUSTOMIZING DREAM VENTURE INTO REALITY

Our broad manufacturing capabilities allow us to understand the comprehensive needs of the customer and we focus on customizing their dream ventures into reality. Jindal Arc Infra embellishes commercial, residential, and public sector projects with design-build-install structure.

Every project is unique for us and with our dynamic services, we handle them most effectively and efficiently with our stainless steel solutions.

STREET FURNITURE

We create the finest grade stainless steel street furniture that is easy to install, and stands firm against all climatic changes. These are easy to clean, corrosion-resistant, and last for decades.

Seating | Fencing | Lighting

Traffic & Transport | Street Art | Other Furniture

INFRA INTERIOR

Giving your homes and corporate offices a niche and stunning appeal with modern stainless steel interiors.

Planters | Railings | Cladding | Handrail | Tables | Seating

Door & Window Frames | Escalators/Elevators

Reception | Wall Dividers | Pantry

INFRA EXTERIOR

Innovative stainless steel exteriors, designed to build a new face of the Indian urban infrastructure.

Claddings | Railings

Façades | Canopies | Bus Shelter

ART & INSTALLATIONS

High-caliber welding is involved in making stainless steel arts and sculptures. We have all innovative technologies to shape and reshape the structures and bring an aesthetic revolution to urban art.

RAILINGS

We offer stainless steel modular railings in various grades, finishes, and sizes. These railings can be mounted on top or bottom and are suitable for use as stair railings or fencing. Our railings are prefabricated and customizable in welded or seamless designs.

BUS SHELTERS

We offer stainless steel bus shelters that are corrosion-resistant, sturdy, and disabled-friendly. These shelters can be customized to meet specific requirements and are designed to withstand extreme weather providing a safe and maintenance-free infrastructure for any city.

BOLLARDS

Our stainless steel bollards are ideal for places like parking areas and at the front of commercial buildings to protect against accidental collisions. We design simple yet elegant bollards that are contemporary, practical and strong.

BENCHES

We offer a wide selection of durable, attractive benches that balances traditional forms with modern ones. Perforations in the bench's rolled steel sheets add visual interest and enhance their appeal. We design stainless steel furniture that combines style, convenience and durability. It's great for outdoor use because it doesn't rust or deteriorate.

DUSTBIN

Our stainless steel dustbins are an all-weather product, that come in variety of sizes with structural stability designed to withstand rough use. Their sleek looks, stylized finish and shiny finish adds an element of glamor to the indoors as well as outdoors.

SIGNAGES

We design high-quality stainless steel letters and signboards. We develop diverse types of etching plates & coated stainless steel letters that give better visibility & easy readability. These signages find their applications mainly in offices, corporate buildings, shops, malls, metro/railways stations, etc.

CLADDING

We manufacture a variety of textured surfaces to create clean, contemporary styles. Our cladding is easy to sanitize & maintain, durable, and resistant to environmental factors, making it ideal for airports, railways, malls & hotels. Our wall cladding can be used on building exteriors like railings, paneling, roofs and more to create a striking architectural effect.

Few Clients: Beumer, JSL Gurugram

EDM Mall, New Delhi

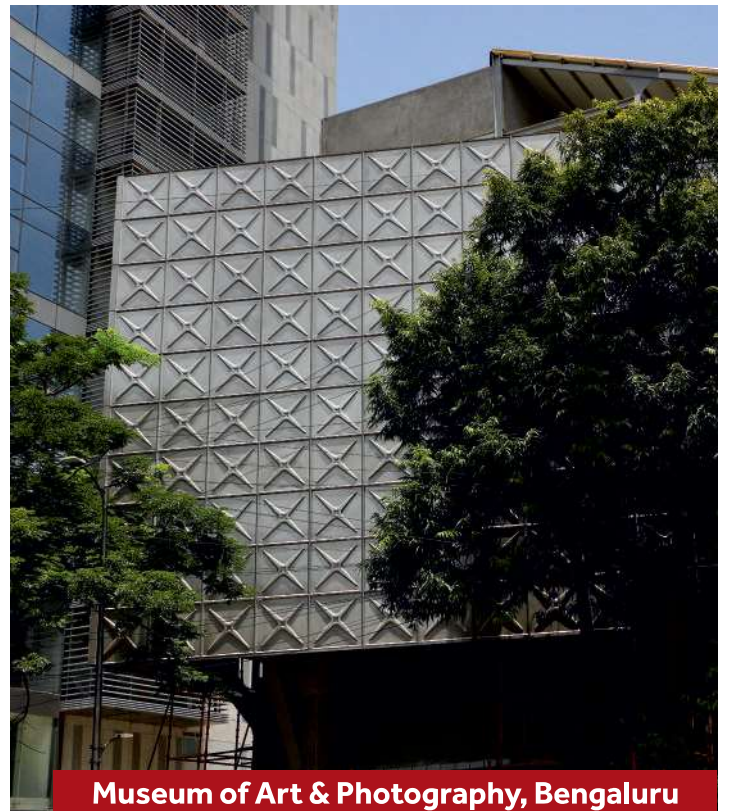

Sahara Mall, Lucknow

FACADE

Our innovative use of stainless steel helps us to design robust structures with a wide range of facade materials in various colors, which result in striking and unique buildings. For a sophisticated architectural effect, our facades create lasting impressions and maintain their shine for years. These facades find their application across various sectors including hospitals, hotels, malls, etc.

CANOPIES

We provide stainless steel canopies that are designed, fabricated and installed with a focus on structural stability and aesthetics. Moreover, we innovatively make use of other materials to give our canopies a distinctive edge. Our use of stainless steel enables us to implement innovative design ideas skillfully by combining curved and linear elements.

ONGC Fuel Station

Haus Khas Metro, New Delhi

Tulsi Bhavan

PLANTERS

We offer a range of stainless steel planters that are rust-resistant, eco-friendly, modern, and elegant. These planters are a perfect for indoor and outdoor applications, giving an appealing look to your spaces.

RECEPTION

Create the best first impression with our stainless steel reception desks. With a slim, sleek design and a durable, scratch-proof surface, these elegant reception desks are sure to elevate the look of any commercial space. Additionally, these can be customized as per the client's requirements to meet their specific needs.

PANTRY

We create stainless steel pantries using high-quality stainless steel grades that ensure longevity and don't age over time. The scratch & corrosion-resistant properties of stainless steel pantries make them maintenance free. Moreover, these are extremely durable, easy to clean and hygienic.

DOOR AND WINDOW FRAMES

Stainless steel lasts forever, making it a smart investment. The thin, sleek design of stainless steel door and window frames allows for clear views. These frames are strong, maintenance-free, corrosion-resistant, and don't bow or crack easily.

WALL DIVIDERS

The Jindal Arc Infra provides stainless steel wall dividers that are both aesthetically appealing and highly functional. These wall dividers have been customised to fulfil the specific needs of our clients, who also appreciate their ease-of-maintenance and fire resistance properties.

ESCALATORS/ ELEVATORS

Stainless steel escalators/elevators give a clean and hygienic vibe to corporate offices and residential buildings. They are fire-resistant, corrosion-free, easy to sanitize—and gives a contemporary touch.

GRATINGS

Stainless steel gratings provide a clean, strong, and reliable structure that combines the safety of greater hygiene with an aesthetically pleasing design. Our range of stainless steel gratings is corrosion-resistant, heat-resistant, low on maintenance, and durable, making them suitable for multiple applications.

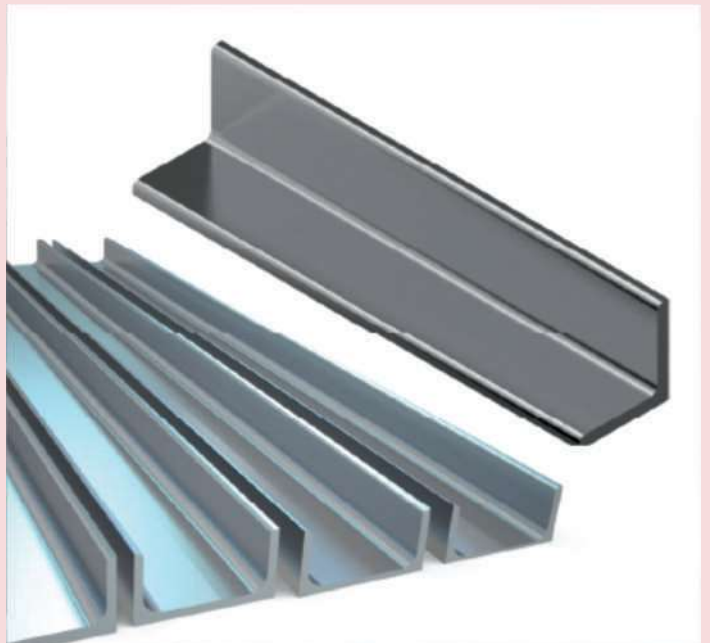

CHEQUERED PLATES

Chequered plates are patterned stainless steel plates for flooring, staircases, and slip-resistant applications. Made of 304/316 grade steel, they are resistant to corrosion, durable, and provide added grip for safety.

STRUCTURAL SECTIONS

Stainless steel sections/structures are pre-fab components for construction and engineering projects, made of durable 304/316 grade steel, resistant to corrosion and rust. They are ideal for harsh environments or high strength applications.

CABLE TRAYS

Cable trays are a safe and organized solution for routing cables and wires in electrical and communication systems. Made of stainless steel, they offer resistance to rust and corrosion, are durable, lightweight, and easy to install.

CONVEYOR CLADDINGS

Conveyor cladding is used to transport all types of standard baggage and is supplied with high side walls and stainless steel cladding to accommodate various uses throughout the airport

Few Clients: Pteris Global, Siemens, Beumer

ATITHI, OBEROI HOTELS

At the lobby of The Oberoi, Delhi, an intricate silvery web named 'Atithi' hangs from the ceiling to the floor. Designed by Kaaru, this installation is dotted at intervals with indigo blue and marigold yellow circles of varying sizes. The screen presents three layers of steel fingers hooked onto each other, and the blue and yellow reveal stone inlay of flowers on one side and a compact mirrors on the other.

JSPL TOWNSHIP, RAIGARH

This 33m high gateway is India's tallest architectural marvel in stainless steel, which is a poetic expression of mathematical form. The geometry of the hyperbolic paraboloid is explored and composed to form a gateway. The gate consists of pipe frames joined together with connections in a hyperbolic paraboloid shapes

Sphere Clouds, RPSG Corporate Office, Kolkata

ART & INSTALLATIONS

Stainless Steel finds expression beyond the utilitarian in urban art. From large-scale stainless steel sculptures of table-top-sized ones, the smooth, graceful edges and seamless metal intersections reveal the depth of thought, detailing and high-calibre welding involved.

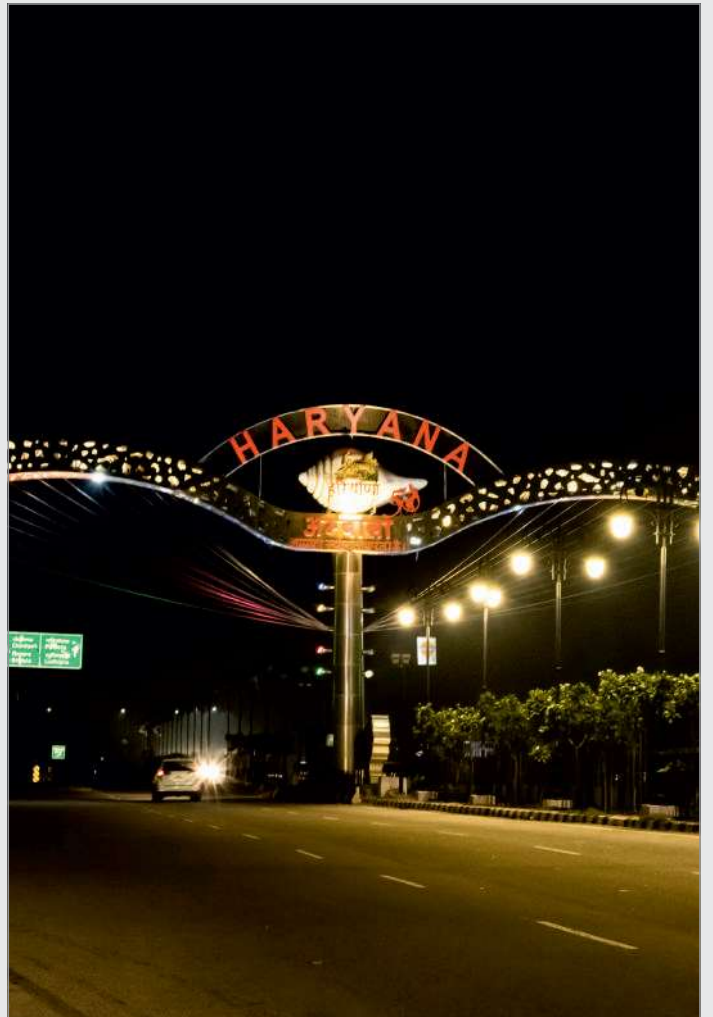

SPROUTS, AIIMS DELHI

'Sprouts' is an iconic stainless steel art installation symbolizing a nascent nations growing and sprouting after 72 years of independence.

SWARNA JAYANTI DWAAR, HARYANA

"Swarna Jayanti Dwaar" is a commemorative structure that was made to depict progress of Haryana in last 50 years. This stainless steel art installation adds to the beauty and charm of the state. Stainless Steel was chosen because of the flexibility of steel and zero or minimum maintenance.
